ANTI BULLYING AND BULLYING PREVENTION POLICY

1.0 POLICY AUTHORITY

The Board of Catholic College Sale Limited (the Board) governs the College. Based on the principle of subsidiarity and in keeping with the Board's Delegations Schedule, the Board delegates a broad range of duties, functions, powers and authority to the Principal of Catholic College Sale Ltd (the College). This includes the effective implementation of this *Anti Bullying and Bullying Prevention Policy* and the compliance obligations outlined herein.

2.0 INTRODUCTION

This Policy establishes the rights of all students at the College to an environment free from fear, intimidation and harassment. All students have the right to feel safe and comfortable at school and to be treated with understanding and respect by others.

The prevention of and responses to bullying, inappropriate use of technology and disrespectful behaviour are more readily achieved through a whole school approach, focusing on creating and maintaining caring and supportive environments and a culture that promotes positive relationships and reflects Catholic Social Teaching. Bullying, cyberbullying, harassment, aggression and violence can adversely affect the well-being of our students and are therefore unacceptable.

In keeping with Victoria's Child Safe Standards under Ministerial Order No. 1359, the prevention of and responses to bullying will pay particular attention to individuals and groups of students with additional and specific needs. This involves tailoring strategies and supports for Aboriginal students, students from culturally and linguistically diverse backgrounds, students with disabilities, students unable to live at home or impacted by family violence, international students and students who identify as LGBTIQA+.

3.0 PURPOSE

This Policy:

- encourages a culture that is firm about the unacceptable nature of bullying;
- articulates how bullying is defined and addressed, including the means taken to prevent incidents and the response taken when bullying occurs;
- supports the College's Vision and Values;
- actively promotes respect and positive relationships to prevent bullying.

4.0 PRINCIPLES

- **4.1** Every person has the right to be treated respectfully and feel safe from any form of verbal, physical and emotional bullying.
- **4.2** The College is committed to building and nurturing a culturally safe community that celebrates the rich diversity of our students and families and that does not tolerate discrimination due to their diverse attributes.
- **4.3** Parents, Guardians or Carers are the prime educators of their children.
- **4.4** Complainant(s) will be protected from victimisation.

- **4.6** A whole school approach is adopted to prevent and address bullying.
- **4.7** Compliance with accompanying school policies and practices pertaining to child safety, and with Victoria's Child Safe Standards under Ministerial Order No. 1359, is essential in upholding a culture of respectful behaviour and safety for students.

5.0 **DEFINITIONS**

Bullying: repeated unreasonable behaviour directed towards a person, causing fear, distress or harm that involves an imbalance of power. It creates a risk to the mental and physical health and safety of others. It occurs when an individual or a group deliberately upsets or hurts another person, their property, reputation or social acceptance on more than one occasion.

Cyberbullying: the ongoing abuse of power to threaten or harm another person using technology. Cyberbullying can occur in chat rooms, on social networking sites, through emails or on mobile phones and includes abusive texts and emails, hurtful messages, images or videos, imitating others, excluding others, humiliating others, spreading nasty gossip and chat, and creating fake accounts to trick someone or humiliate them.

Direct bullying: behaviour that hurts, harms, or humiliates and is overt, obvious, and apparent to anyone witnessing it. The actions and words are easy to identify, the identity of the person bullying is usually known, and the acts are focused toward the person being bullied – they know about the bullying as it is happening.

Exclusion bullying: deliberately and continuously being left out of activities.

Extortion bullying: physically stronger and more powerful students may bully other students into giving up their possessions, buying food and drink, or taking part in rule-breaking activities.

Gesture bullying: non-verbal signals used to silence and intimidate a victim.

Indirect bullying: behaviour that hurts, harms, or humiliates, which is often covert, subtle, and not always immediately acknowledged as bullying. The words and actions can be harder to identify, can be done anonymously and discreetly, and the target might not find out about the bullying until long after it has happened.

This form of bullying is harder to recognise and often carried out behind the bullied person's back. It is designed to harm someone's social reputation and/or cause humiliation. Indirect bullying includes:

- lying and spreading rumours;
- playing jokes to embarrass and humiliate;
- mimicking;
- encouraging others to socially exclude someone;
- damaging someone's social reputation and social acceptance;
- cyber-bullying, which involves the use of email, text messaging, online spaces or chat rooms to humiliate and distress someone.

Physical bullying: pushing, shoving, fighting, pinching, damaging, stealing or hiding personal belongings and any other unwelcome physical contact used intentionally to intimidate or hurt someone.

Psychological bullying: words or actions are used to cause psychological harm. Examples of psychological bullying include name-calling, teasing or making fun of someone because of their actions, appearance, physical characteristics or cultural background.

Sexual harassment: touching, sexually orientated jokes, drawings of, or writing about someone's body, using rude names or commenting about someone's morals, unwanted invitations of a sexual nature, or continuously asking questions about someone's private life.

Social bullying: also called Relational, Emotional or Exclusion bullying, examples include deliberately excluding someone, spreading rumours, sharing information that will have a harmful effect on the other person and/or damaging a person's social reputation or social acceptance.

Verbal bullying: put-downs, particularly those referring to physical characteristics, can result in loss of self-esteem. Racial discrimination or any kind of discrimination based on age, sex, gender, disability, belief or culture is a form of bullying.

Visual bullying: offensive notes or material, graffiti, or damaging other people's possessions.

What Bullying is Not

Many distressing behaviours are not examples of bullying, even though they are unpleasant and often require teacher intervention and management. Three socially unpleasant situations are often confused with bullying:

Mutual conflict: In mutual conflict situations, there is an argument or disagreement between students, but not an imbalance of power. Unresolved mutual conflict sometimes develops into a bullying situation, with one person becoming targeted repeatedly for 'retaliation' in a one-sided way.

Social rejection or dislike: Social rejection is bullying when someone feels alone or left out because of the manipulation of their peer relationships and social status. It is not bullying when, say, people make new friends and distance themselves from old friends. That old friend may feel as though they are being "socially excluded", but if there is no aggressive intention to cause harm, they are not being bullied.

Single-episode acts: Single episodes of nastiness or physical aggression are not the same as bullying. If a student is verbally abused or pushed on one occasion, they are not being bullied. Nastiness or physical aggression that is directed towards many different students is not the same as bullying.
